Advance-Nilfisk Parts - Imagine how long and tedious it would be to tidy up after a party, with out assistance from equipment. Not too long ago, the dust from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the best cleaning products during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Establishing the company in the year 1906, he began to make motors in order to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to own a global business selling merchandise internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one person. This invention came in a time where numerous cleaning equipment were huge and required at least 4 operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines offer an excellent solution to an ongoing problem; stuff get dirty and have to be cleaned frequently, without too much effort.

Little by little, the company Nilfisk-Advance developed all through the years. During the the early part of the nineteen eighties the company expanded fast when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aspiring to be an active worldwide player in making professional cleaning machines. Nilfisk-Advance is currently found in every part of the world due to steadily acquiring numerous small companies to be able to develop their product portfolio and presence in new markets. They are proud to present a variety of cleaning solutions to meet each requirement.
