Rockwell Part

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working in an atmosphere which supports the utmost integrity with empowered collaboration, along with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, because they are glad to share and promote this policy with a greater knowledge of their efforts. They are really devoted to preserving and improving the environment. AxleTech has an EHS program which not only protects the environment but which also actively protects their neighbors and workers too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both military and commercial applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles in order to meet certain application demands. They have more than 1000 different axle specs within their present offering. With over one hundred years of experience and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in numerous commercial and military applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have extra details that could be found in the "ISAS" product collection.
